NATIONAL BOATING ASSOCIATION FORMED.

The BREEZE has been asked to print the following letter concerning the formation of a new association which should have interest for all boating O T Y C members:

American Boating Association,
National Headquarters,
2199 Victory Parkway,
Cincinnati 6, Ohio,
April 8, 1960.

Dear Members:

As you all know, Rat, Cynnle, and I have always said that our first love has been boats. But now we have gone one step further — The American Boating Association.

For those of you who have not heard of the ABA, I would like to take this opportunity to fill you in on some of the details about our organization.

The American Boating Association, the "Auto Club" of the waterways, is a national boating organization designed to serve the more than eight million pleasure boat owners in the same manner that the motorists are assisted through auto clubs. The ABA membership offers the pleasure boatman many benefits and services which have never before been available to the boating public.

For an annual fee of \$15.00 for an individual member, or \$25.00 for a family membership, which includes the boat owner and his immediate family (husband, wife, children under 18), the ABA member receives a \$1,000.00 Personal Accident Insurance Policy; Boat Theft Protection; Bonding Service; Emergency Service Privileges; Cruise and Travel Services; State Cruise Guide Directory which includes boating laws and regulations, trailer laws, fishing laws, etc. Upon enrollment, a member receives the ABA "packet" which includes an identification card, boat theft decal, identification decals, pennants for his boat, a key float with an identification number, and much more.

Also, at long last, through the ABA the week-end sailor will have national, state, and local representatives working vigorously with responsible groups toward better and safer boating conditions and regulations. And, one ABA's prime objectives is to educate the users and public at large in the principles of traffic safety on the waterways.

With the establishment of the American Boating Association, the boating public is afforded extensive service facilities at a price within the budget of anyone able to own and operate a pleasure craft. Services offered to the ABA member are performed by the National Headquarters, Divisional Offices, or the Dealer Network.

My associates in the American Boating Association are George Ballou, Charles Shank, Reed Shank, Howard Levine, John Fields, and our National Headquarters are located at 2199 Victory Parkway, Cincinnati 6, Ohio. Divisional offices have been

established and are located in New York City; Philadelphia, Pennsylvania; Athens, Alabama; Avon, Connecticut; Pompano Beach, Florida; Cincinnati, Ohio; Milwaukee, Wisconsin; Crosby, Minnesota; Bellaire, Michigan; Louisville, Kentucky; Elmira, New York; and Cleveland, Ohio.

The main function of the ABA division office is to completely service the ABA member and/or dealer member in the geographic area covered by its operation. Division offices have the same responsibilities and objectives as that outlined for the national headquarters. Plus, it is their further responsibility to establish and control a complete and operational dealer network within their designated area.

The task of establishing a dealer network by the division offices is of prime importance, for the ABA "recommended" dealer member is an important link between ABA national headquarters and the ABA member.

An ABA "recommended" dealer can be any organization or establishment doing business with the pleasure boatmen, such as: marinas, yacht clubs, boatels, marine supply stores, etc. All recommended ABA dealers must qualify for membership and are pledged to abide by the good business principles upon which membership is granted, and in his pledge to the public — promises dependable service — truth and honesty in selling and advertising — fair dealing — friendliness and courtesy — assistance to ABA members whenever and however needed.

In addition to the existing ABA division offices, the national headquarters of

Dean Earl V. Moore before his portrait painted by Mrs. Alice K. Reischer. Presentation of the painting was made to the University at a banquet given in Earl's honor.

the American Boating Association is currently making arrangements for division offices up and down the West Coast; the balance of the Gulf Coast; and the balance of the Great Lakes. With the completion of this program a complete network of division offices will be established in these areas by the beginning of the new boating season this Spring. ABA is the fastest growing national boating organization in America.

Anyone who would like any further information about the ABA, please write to me at the National Headquarters in Cincinnati.

Because of my work with the ABA I will not be able to spend too much time in Omena this summer, but Rat and Cynnle will enjoy Omena all summer.

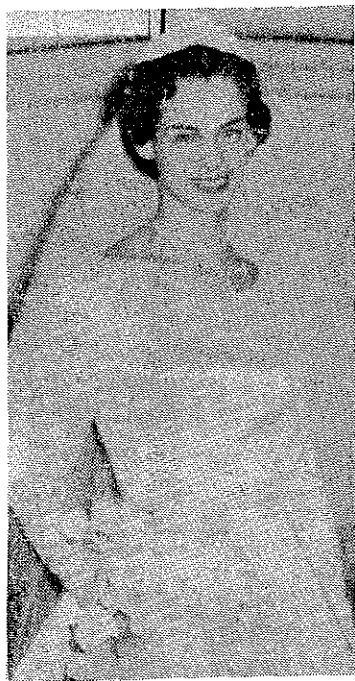

Best to all,
Bill, Rat, & Cynnle.

EARL V. MOORE SCHOLARSHIP FUND ESTABLISHED.

After 51 years of devotion to the university of Michigan School of Music, Dean Earl V. Moore is retiring. In order to honor his long and distinguished service to Music and to the University and to perpetuate his ideals, a scholarship fund of \$100,000 for gifted and worthy students in music is being established. All friends and alumni of the university are being given an opportunity to subscribe to the project. The first scholarship has been awarded to Walker E. Wyatt of Asbury Park, N. J., a master's student in music literature and voice.

Dean Moore's record is outstanding:

1908-1912 Student in the University of Music.

1913 Appointed to the Faculty of the University School of Music.

1923 Appointed Director of the University School of Music.

1923-1939 Conductor and Musical Director of the May Festival Concerts.

1931-1935 President of the National Association of Schools of Music.

1935 Chairman of Committee on Curriculum, National Association of Schools of Music.

1936-1938 President of the Music Teachers National Association.

1939-1940 National Director of the W P A Music Program.

1941-1943 Consultant to the War Department, School for Special Services.

1946 Appointed Dean of the University of Michigan School of Music.

1957 Appointed Civilian Member of the Elizabeth Sprague Coolidge Foundation Committee

of the Library of Congress for the development of Chamber Music.

1959 Appointed Member of the National Advisory Committee on the Arts for the National Cultural Center, Washington, D. C.

1959-1960 Final year of active service as Dean of the University of Michigan School of Music.

Earl Moore has the hearty congratulations of the BREEZE and the sincere wish that now unhampered by the restrictions and administrative duties which the organization in any institution requires, he may make his free and personalized contribution to the field of Music and American culture.

A portrait of Dean Moore painted by Mrs. Alice K. Reischer, was presented to the University of Michigan at a banquet given in his honor in May. On the occasion, Eugene Ormandy, conductor of the Philadelphia Orchestra and honorable chairman of the Earl V. Moore Scholarship Fund, one of 160 guests present, delivered a personal tribute to Dean Moore. The faculty of the School of Music also presented him with their tribute in leather-framed parchment. The portrait will be hung in the entrance hall of the new School of Music on North Campus.

O T Y C NEWS

Omena, Michigan
23 April, 1960.

Our oldest and faithful member, Mrs. Blanche Clark, faded peacefully away at the home of her daughter, Hazel C. Taylor, Sunday evening, January 31st. Her passing will be greatly felt, as it seemed the curtain fell to close a by-gone era (an envious one) marked by courage, fortitude and happiness in Christian environment.

A great loss to the Village was Chippy Smith's death.

I believe you will all be interested to know the actual work has begun on our new dock improvement, voted last year. Mr. Frank C. Kalchik, the low bidder, started off by moving in his major equipment last week. At this writing there is much activity readying the foundation anchor cribs for placement.

With the almost sudden arrival of Spring in Omena found Mary and Fred Weiss leading off the arrivals on the Point. They reported a restful vacation at Daytona Beach when the "good" weather prevailed. Irma and Ken Hageman just opened "The Eagle's Nest" on Ingalls Bay after a sojourn to Mexico. Following closely, Marjorie Renz arrived to get things ready at the Renz cottage, and enjoy their new electric heat these cool evenings. Carolyn and Billy, with Cynthia, are expected this week-end. We "Saturday Nighters" have maintained our regular schedule but are now looking forward to Club activities.

As the grass is getting greener and Spring flowers are popping out all over

David Kulick holds his new brother,

the place and the birds chirping a cheerful Hello -- I'll pass this along to you to get you headed this way soon. It won't be very long before Commodore "Joe" will be running up the colors on our flag pole.

Best Wishes,
Horace.

TRAVEL AND THE PURSUIT OF PLEASURE WITHIN THE CONTINENTAL LIMITS.

CLEMEWELL LAY spent her Christmas vacation from the Emma Willard School in California visiting old friends, among them Mr. and Mrs. Kimble, pioneers on Ingalls Bay, who built the cottage now owned by Marie Basler. Clemewell was entertained also by Jack Kimble, who returns to Ingalls Bay nearly every summer, and owns a lot next to Clemewell's cottage. Christmas week Clemewell spent in the Yosemite at Ohwahnee as a guest of a Wellesley friend.

IRMA and KEN HAGEMAN spent Christmas with Nan and John Smith in Cedar Rapids, and New Year's and two snowy weeks in Miami, Florida.

RUTH and DAVE DEVORE went as usual to La Jolla for a couple of months during the winter. In addition to seeing a great deal of Leonard and Carol and their three children who live in San Diego, Ruth and Dave enjoyed the hotel life at the Valencia in La Jolla in reunion with friends who return there each winter. While in California they saw the Halbert Whites at Lillian and Kary Canatsey's lovely new home.

HARRIETTE and HALBERT WHITE spent three weeks in February visiting Lillian and Kary Canatsey in their beautiful new home in La Jolla, California. Kary is also building a handsome four unit de luxe apartment. The Whites also mention having a happy meeting with the DeVores.

LEONA and WILLIAM MILROY missed the Midwest winter by staying in Los Angeles from November until March. Bill was working on a Santa Fe labor case. They came home in time to give a Birthday dinner at the South Shore Country Club, in Chicago, on Tuesday evening, March 31, for Mr. Richard Kiley and his son David. The Kileys have been friends of the Milroys for many years. Richard Kiley is co-starring with Gwen Verdon in the original cast of the musical comedy, "Redhead", in Chicago.

MARY LOUISE GLEASON and son Dave plan to visit boarding schools in the East in May.

GWEN and MELVIN PIKE returned in April from three and a half weeks in Miami. While there, Melvin attended a Medical meeting. On their return trip they were snow-bound in the Blue Ridge Mountains, along with about 100 trucks and cars. They were lucky enough to secure the last room available among three motels and two restaurants. They saw the last snow of the South in South Carolina. They just missed being detained in north central Florida because of floods there, but enjoyed the sun and play in Miami. Gwen kept busy during most of the winter in Midland with her musical activities — church choir, Community Concert Campaign, Midland Symphony and private teaching.

nooga in February. She found plenty of snow in Tennessee, which she had not seen in ten years. In spite of the tragedy the ice and snow meant to property owners — the destruction of lovely old trees, homes, etc. Abi enjoyed the snow and the fairyland of an ice storm. She returned to Florida in time to attend all the going-away parties for Kitty.

MARY and FRED WEISS went to Daytona Beach after trying to acclimate themselves to Omena and Traverse City in February. They spent November thru January in Cincinnati, where the illness of Fred's mother had called them. But they moved into their home on the Point in April, hoping that the winter was over.

ELLIE and JACK STEPHENSON moved northward on skis in February. They made Omena on February 26th.

MARION and CRAMPTON FINN spent their Easter vacation in Maumee, Ohio, with the Galbraiths; their second visit this year. They spent two weeks during the winter with Crammy Jr., and Pat and their two boys near Los Angeles. They went to and from Strawberry Hill much of the winter on snowshoes.

BLANCHE and EARL MOORE drove to California in Jessie Carmichael's old Cadillac in mid-December. Vin's family are very much pleased to have it. The noble black Cadillac seems as happy as the load of youngsters who fill it when tripping it up to Disneyland, etc.

JOAN and JOHN ROTH took a trip to New York City the week-end before Thanksgiving. In addition to "frivolous doings" not named in detail, they improved their education with visits to the Stock Exchange, United Nations Headquarters and the new Solomon Guggenheim Museum. After the holidays, their time was spent in planning and building a new house — their "once in a lifetime project". In January the Roths enjoyed a visit from Leonard DeVore, who was enroute to a National Cash Register meeting at Greenbrier.

HOME FROM ABROAD.

JANE and BOB SAXTON left Kwajalein, Marshall Islands, last August to be stationed at Point Arquello in California. Bob was serving the Navy in the capacity of Missile and Flight Surgeon. His term of duty with the Navy terminated in January, when he decided to return to Cleveland to continue his neuro surgical studies. He is now a resident at University Hospital in the Department of Neurosurgery. Bob and Jane have three children, a boy and two girls. The youngest girl was born in Kwajalein. Their new address is 19306 Lanbury Ave., Warrensville Heights.

HELEN and BOB REED, ending a four year residence in the Netherlands, will be transferred from the U. S. Embassy in the Hague, to Washington, D. C., in July.

TRIPS ABROAD.

PEG and BOB MORSE returned in November, 1959, from a three and one half months touring through 11 countries of Europe. They spent five weeks in Scandinavia traveling by train, steamer and bus. In Copenhagen they rented a car and drove 4,000 miles through Denmark, northern Germany, Holland, Belgium, Luxembourg, then through southern Germany and Austria to Vienna, and back through Switzerland to France, leaving the car in Paris. They then flew to London, and home by jet. The trip was a bit too long in duration, they felt, because the weather was bad for tourists near the end of their stay and they got tired. But it was a wonderful trip.

IRMA HAGEMAN spent February in Mexico with her sister and brother-in-law, Fern and Dick Dungan, for the most part in Acapulco. She returned to St. Louis in time for the March snows there.

KITTY SMITH began her 60-day tour of the globe about the first of April. She was to be in Honolulu on April 10, in Tokyo, Japan, the 18th and 19th, then to Manila, Singapore, Colombo, Bombay, Aden, Cairo, and Gibraltar, where she leaves the party tour to travel independently to Tangier, Madrid and London. She expects to arrive in New York about June first.

HONORS AND AWARDS.

ELIZABETH KEYE: A monograph based on her social work, particularly that in the Oak Park, Michigan, Schools, delivered during the winter as a major paper at a national conference, is scheduled for publication.

MARY LOUISE GLEASON: Mary Louise has been elected to the Board of the Community Chest, the Executive Committee of the Welfare Federation, and has become a member of the County Welfare Department Advisory Committee. She was invited to speak at the annual meeting of the Memphis Visiting Nurse Association last winter, but was keenly disappointed in not being able to attend.

HUMPHREY JACKSON: As a teacher of mathematics, Humphrey has been rewarded by having 11 of his accelerated 7th grade arithmetic students enter projects in the Detroit Metropolitan Science Fair, sponsored by the Detroit News and the Engineering Society. Three received blue ribbons for their exhibits, and 5 red ribbons. Humphrey is still receiving recognition in his work with the School Mathematics Study Group sponsored by the National Science Foundation for the purpose of improving and promoting mathematics curriculum. In connection with his work, in addition to his teaching, he must participate in conference studies, make speeches and prepare pertinent reports. One of his pupils had a poem about ZERO published in the ARITHMETIC TEACHER, and Humphrey's articles have appeared in five or six professional journals.

CLEMEWELL LAY: Clemewell was happy to send as a New Year's greeting a small scale copy of an official proclamation of the Governor of New York State, in recognition of the illustrious Emma Willard, a leader in the struggle to provide education for the women of America. In the impressive document, Governor Nelson A. Rockefeller joins the Governor of the State of Connecticut, where Emma Willard was born, and the Governor of Vermont, where she pursued "her public spirited activities" in proclaiming October 28, 1959, as Emma Willard Day. Clemewell can be justly proud to have taken a major part in upholding and bringing to fruition in the Emma Willard School now located at Troy, New York, the principles and aspirations of its noble founder.

VERNON E. KEYE: From a news clipping the following is quoted: Vernon Keye, supervisor of the mental health unit of Wayne State University's health service, has been named Chairman of the newly formed Metropolitan Detroit College Health Association.

The association, an affiliate of the Michigan College Health Association, was formed to exchange information on the promotion of health, prevention of disease and care of illness among its members.

Linked for this purpose are Wayne State, University of Detroit, Henry Ford Community College, Sacred Heart Seminary, Merrill-Palmer School, Highland Park Community College, Detroit Insti-

tute of Technology, the TB and Health Society and nursing school at Grace, Harper, Deaconess, Providence, Mercy, Henry Ford and Highland Park General hospitals.

Charter officers include Dr. George Halllock, of Highland Park, vice chairman; and Agnes Demarois, Harper Hospital department of nursing education, secretary-treasurer.

EARL V. MOORE: Following is a story of the DETROIT FREE PRESS, from Ann Arbor, Sunday, Nov. 22, 1959:

Ann Arbor: Dean Earl V. Moore, composer of the University of Michigan "Varsity" march and a member of the University faculty since 1913, was honored by the school of Music in special ceremonies Saturday.

The half-time show of the U-M Marching Band at the Ohio State-Michigan foot ball game paid tribute to the beloved dean, who begins his retirement July 1, 1960.

The show opened and closed with "Varsity". Moore's internationally famed marching song, for which Fred Lawton wrote the lyrics.

The Moore compositions featured were "The Bum Army" and "College Days". The famous "I Want to Go Back to Michigan", was given prominence.

Formations included a pipe organ, a lamp of learning, a stage with curtain rising on the Dean's work as a student with the Mimes (predecessor to the Michigan Union Opera), Burton Tower and a trolley car.

The trolley car symbolized the creation of "Varsity", since a ride on a Detroit street car gave birth to the march.

\$100,000 scholarship campaign was announced in honor of the world-renowned composer and teacher.

Contributions may be sent to the Earl V. Moore Scholarship Fund, 115 Hill Auditorium, Ann Arbor.

The Fund will provide financial assistance to talented students enrolled in the School.

Mr. Moore enrolled in the university 50 years ago, joined the faculty in 1913 and became head of the theory department three years later. He has received many honorary degrees from other universities.

Besides "Varsity", Moore's compositions include "The Voyage of Arion" and "The Bird Man", cantatas for children's voices, and works for choral groups and organ.

He is a member of the National Advisory Committee on the Arts for the National Cultural Center in Washington, D. C., and a member of the Elizabeth Sprague Coolidge Foundation Committee for the Library of Congress for the Development of Chamber Music.

During World War II he was consultant to the War Department's School for Special Services. He was also national director of the WPA Music Program in 1939 and 1940.

EMILY NASH SMITH: In Florida last winter Emily won awards and recognition in several art shows with her paintings —

In a Sarasota show she was mentioned for her "moody landscape"; at the Student Jury Show at Long Boat Key Art Center she received second prize; and at the Ringling School of Art in Sarasota she took third prize for a painting called "Net Mender". The last named picture was also in a government show. Emily has been invited to give a one man show at Long Boat Art Center next year.

GEORGE S. SMITH: At the ceremony at St. Marks Cathedral, Grand Rapids, on Feb. 24, in which the Rev. Charles E. Bennison of Kalamazoo was consecrated as Bishop of the Diocese of Western Michigan of the Protestant Episcopal Church, George Smith took part in the procession. George is a member of the executive council of the Diocese. He is again in the Cancer drive in Leelanau, and Treasurer of the County Rotary.

HELEN CLARK REED: J. G. Ballego & sons, dahlia specialists of Leiden, Holland, have named one of their new dahlias for Helen with her name in full, also one called Blanche, Helen's late mother's name. Tubers of both dahlias have been sent to Helen's sister Hazel Taylor for planting.

STUART CRAMPTON: In July, Stuart will return from two year's study at Oxford University. He has been awarded one of the National Science Foundation Fellowships in Physics and will study at Harvard next year.

GWEN PIKE: As a music teacher Gwen won recognition by having her pupils win first, second and third place in a recent music contest sponsored by the Dow Music Foundation. Gwen is very active in the musical activities of Midland.

HEIDI KEYE: A Sophomore at Beloit College, Heidi is Varsity Cheerleader and a member of the Student Council.

GRETCHEN WAGNER: Now in school in Colorado Springs where she moved with her mother and grandmother last fall, Gretchen has been elected President of her class. She loves school and horseback riding.

DAVID GLEASON won his letter in soccer and a scholarship award.

IN MEMORIUM.

As the BREEZE copy is being turned over to K. Gus Smarey for printing, scant information has been received of a number of deaths, of concern to O T Y C members.

COLTER RULE, an enthusiastic member, died Thursday morning, April 28, in Cincinnati, Ohio. He was 74, and the first to go in a large closely knit family of wife, eight children, all married, and numerous grand children. He and his family had summered in Omena for many years, first on Ingalls Bay, and for the last years on Omena Point. All who knew him share his loss, not only adults, but also the youngsters for whom his pockets always had a dime for treats at the Snack Bar at the Clubhouse. All will miss his hearty welcome this summer. "One thing you must learn", he used to tell the children, "is how to get along with other people". He had learned with matchless success, himself.

MRS. JOHN DRYER, Elizabeth Keyes' mother, was not known to many Club members except by report. She had been hospitalized and hopelessly ill for a number of years. Death must have been a kind release. Memorial services for her were held in Chicago during the winter. She was a graduate of Beloit College, which Elizabeth attended and Heidi now attends. She was interested, it seems, in the small college. Dr. Dryer, whom many members have met when he was a summer guest of the Keyes, has established several memorial scholarships in several Wisconsin colleges for his wife.

MRS. ADOLPH WEISS, Fred Weiss' mother, died in Cincinnati this Spring. For some time she had been hospitalized, lingering between life and death. She was advanced in years.

CONCERNING ONE MEMBER'S DEATH WE HAVE AMPLE DETAIL.

BLANCHE EUGENIE CLARK, (Mrs. Harry Sr.) nee Monod, the oldest and most enthusiastic O T Y C member, past without pain or unmistakable forewarning into her last sleep at her home **THE HEMLOCKS** on Ingalls Bay, at twilight on January 31. Her age was 93 years, three months and 23 days. She is survived by three children, two daughters, both Club members, Hazel Taylor, who lived with her, and Helen Clark Reed (Mrs. Robert); and one son Harry Ernest Clark Jr. (Maj. U. S. A. Ret.); five lineal grandchildren and 13 lineal great grandchildren.

Blanche and Harry Clark first came to the Hemlocks to spend the summer in 1915, and were one of the pioneer families on Ingalls Bay. The last four years, Blanche had spent both winter and summer at the Hemlocks. She often said that the Yacht Club was the best thing that ever happened to Omena! She loved going to the Club. A number of the members attended her last Birthday Party at the Hemlocks. Her 93 years were divided between the 19th and 20th Centuries.

Blanche Eugenie Monod was born near

Mazomanie, Wisconsin, on Oct. 8, 1866. When a teenage girl she moved with her French-Swiss parents and younger brothers and sisters to Kansas, in order to be near two married sisters. Later, she visited one sister living in Stella, Nebraska, a new town that had been laid out and promoted by her future husband and his father. She attended Miss Monroe's Finishing School in Atchescn, Kansas, and the Sister of Bethany, an Episcopal College in Topeka. She and Harry Ernest Clark were married during her Christmas vacation from the Topeka college, but she returned after the Holidays and finished the school year.

In Stella, as well as in Kansas City, Mo., where she and Harry and their three children moved in 1914; she was a prominent leader in Church and social affairs. She was affiliated with many clubs, literary, musical and social. She served terms as President of the Research Club of Stella as President of the Research Club, and Worthy Matron of Eastern Star of Stella, a President of the K. C. Athenaeum, a literary club of over a thousand women, and of the LaCauserie Francaise. She loved people, especially "her very own" family, and loved doing bountiful things for them. Their home was always bulging with house guests. She often confined her parties to only a hundred or more of her "very best friends". During the 30's, Harry disposed of most of his Kansas City real estate and they lived for a while in Vandalia, Ill., then bought a home in North Miami Beach, Florida, where they spent their winters, driving to Omena in the Summer. They took many long trips throughout the U. S., to Mexico and to Cuba. Harry died on Oct. 12, 1942, at their home in North Miami. Afterwards, Blanche lived first, five years with Hazel in Washington, D. C., and Alexandria, Va., and then with Helen in Swarthmore, Pa., for almost nine years, returning to Omena each summer. Four years ago when Helen moved to the Hague, Netherlands, where Bob served as Agricultural Attache in the U. S. Embassy, Blanche remained at the Hemlocks. For a while she was still able to take long motor trips back to Kansas City and Stella, to visit grandchildren in Ohio and Massachusetts, and to attend local parties, but her strength gradually failed.

Her last years were sedentary, faltering, reluctant. Omena friends and their constant attentions were a great consolation, but the essence of life had lost its familiar savor. Hearing and eyesight dimmed. Her thoughts long occupied with the approach of death, turned to her childhood for her most cherished memories, especially to the numerous occasions when she had walked with her father over the spring quickened hills of Wisconsin or through the glow of autumn. Of nine children, she was the last but one; of Harry's immediate family, none remained. The few friends of her generation who wrote to her, her trembling hands could not answer. What remained of "her own" existing world, seemed self sufficient without her. Continued existence was not

worth its exacting effort. She longed to be gently enfolded in her last sleep with her own at her bedside. And thus it came to pass.

After private prayers at her death-bed with the Right Reverend Francis Foley of Grace Church, Traverse City, her body was taken to Nebraska. Her funeral rites were conducted by the Reverend Alfred J. Haines in St. Thomas Episcopal Church, Falls City, Nebraska, and at her grave side in the Stella Cemetery, beside that of her husband, father, mother, three infant children, and many other relatives and friends. Some 70 years ago, Harry had hired an architect of Lincoln, Nebraska, to lay out the cemetery over several acres of rolling prairie. Harry planted the evergreens himself, according to the architects plan — pines, spruce, cedars. Now gnarled conifers mingle their abiding incense with the cycling fragrance of ripening wheat and maize, with wind blown dust from fallow fields, with rain and snow.

When those of her very own return this summer to Ingalls Bay, they will sense with mingled emotions the grievous void left by a naïve, love-enthroned Matriarch; and know that a benevolent reign and an irrevocable era has passed.

NOT ALL IS GLADNESS.

SABRA SAXTON had a serious accident in November. When she and her escort were crossing a street in Indianapolis after a pleasant dinner, they were hit by a car. Her escort was killed and Sabra suffered a serious fracture of a leg. Her leg was still in a cast in March. She was in the hospital for three months.

LESTRA SAXTON was in the hospital also for two weeks during the winter, with high blood pressure, "over doing", etc.

FRANK ANDERSON has been bed-ridden since a fall on an icy pavement. He was hospitalized with a broken vertebra of the back when he had to undergo an emergency gall bladder operation. He is now in bed at home in Northport.

FLORENCE WHEELER, though not bedridden, was not well for most of the winter. She is now, happily, improving.

GEORGE SMITH suffered a broken wrist in an automobile accident during April.

GENEVIEVE HERRICK underwent serious surgery during the winter, in Santa Fe. She is now home in her apartment at La Posada and recovering rapidly.

THE WEST WIND.

John Masefield

It's a warm wind, the west wind,
 full of bird's cries
 I never hear the west wind
 but tears are in my eyes,
 For it comes from the west lands,
 the old brown hills,
 And April's in the west wind
 and daffodils.

It's fine land, the west land,
 for hearts as tired as mine,
 Apple orchards blossom there,
 and the air's like wine.
 There is cool green grass there,
 where men may lie at rest,
 And the thrushes are in song there,
 fluting from the nest.

"Will you not come home, brother?
 You have been lonk away,
 It's April and blossom time,
 and white is the spray;
 And bright is the sun, brother,
 and warm is the rain —
 Will you not come home, brother,
 home to us again?

The young corn is green, brother,
 where the rabbits run;
 It's blue sky, and white clouds,
 and warm rain and sun.
 It's song to a man's soul, brother,
 fire to a man's brain,
 To hear the wild bees,
 and see the merry Spring again.

Larks are singing in the west, brother,
 above the green wheat,
 So will you not come home, brother,
 and rest your tired feet?
 I've a balm for bruised hearts, brother,
 sleep for aching eyes,
 Says the warm wind, the west wind,
 full of bird's cries.

It's the white road westwards
 is the road I must tread
 To the green grass, the cool grass,
 and rest for heart and head,
 To the violets and the brown brooks
 and the thrushes' song,
 In the fine land, the west land,
 the land where I belong.

(For us the westland is Omena. Ed.)

AMERICA FOR ME.

Henry van Dyke

'Tis fine to see the Old World,
 and travel up and down
 Among the famous palaces
 and cities of renown,
 To admire the crumbly castles
 and the statues of the kings —
 But now I think I've had enough
 of antiquated things.

So it's home again, and home
 again, America for me!
 My heart is turning home again,
 and there I long to be,
 In the land of youth and freedom
 beyond the ocean bars,
 Where the air is full of sunlight
 and the flag is full of stars.
 Oh, London is a man's town,

there's power in the air;
 And Paris is a woman's town,
 with flowers in her hair;
 And it's sweet to dream in Venice,
 and it's great to study Rome;
 But when it comes to living
 there is no place like home.

I like the German fir-woods,
 in green battalions drilled;
 I like the gardens of Versailles
 with flashing fountains filled;
 But, or, to take your hand, my dear,
 and ramble for a day
 In the friendly western woodland
 where Nature has her way!

I know that Europe's wonderful,
 yet something seems to lack;
 The Past is too much with her,
 and the people looking back.
 But the glory of the Present
 is to make the Future free —
 We love our land for what she is
 and what she is to be.

Oh, it's home again, and home
 again, America for me!
 I want a ship that's westward bound
 to plough the rolling sea,
 To the blessed Land of Room Enough
 beyond the ocean bars,
 Where the air is full of sunlight
 and the flag is full of stars.

IF I HAD THE TIME.

Richard Burton

If I had the time to find a place
 And sit me down full face to face
 With my better self that cannot show
 In my daily life that rushes so:
 It might be then I would see my soul
 Was stumbling still towards

the shining goal,
 I might be nerved by
 the thought sublime —
 If I had the time!

If I had the time to let my heart
 Speak out and take in my life apart,
 To look about and to stretch a hand
 To a comrade quartered in no luck land;
 Ah, God! If I might but just sit still
 And hear the note of the whip-poor-will,
 I think that my wish
 with God's would rhyme —
 If I had the time!

If I had the time to learn from you
 How much for comfort my word could do;
 And I told you then of my sudden will
 To kiss your feet when I did you ill;
 If the tears aback of the coldness feigned
 Could flow, and the wrong
 be quite explained —
 Brothers, the souls of us
 all would chime,
 If we had the time!
