Commodore's Message

Omena Bay
Saturday, December 1, 1984

Over Labor Day weekend Rat and I picked up all the records from Fred and immediately brought them back to Cincinnati so that we could get a good start on the 1985 season.

As I started to read over the files and records, I noticed that our first meeting was held in the Basler's living room on Wednesday, August 6, 1947. At that meeting the "Leelanau Yacht Club" was formed with Gus Rogers as Commodore, Bob Dressel as Vice Commodore, Janey Basler as Secretary, Joe Cloud as Treasurer, Mary Moore as Vice Secretary/Treasurer, and Billy Renz as Junior Commodore. Here it is some 37 years later and that same Billy Renz is now Commodore. How time flies when you're having fun.

Many waves have gone around, under and past the dock in those 37 years — memories and friendships that will be with me always. August 18, 1947 a committee was appointed to contact Hector Carmichael about the "Pavillion" as a possible home for our new yacht club. On June 22, 1948 the Pavillion had been secured from Mr. Carmichael with a two year lease for one dollar a year. Our first meeting in the new clubhouse was held on July 6, 1948 and at that time, after much discussion, the members voted that our yacht club be known as the Omena Yacht Club. Then some two days later the name was changed again to the Omena-Traverse Yacht Club. I could go on and on about all the blood, sweat and tears that were given freely by the parents and kids in those early years — but I am sure that everyone, throughout the years, who has helped to make the OTYC last are as proud as I am of the Omena-Traverse Yacht Club.

Well here it is November of 1984 and the clubhouse has been put to bed for another winter, but not before the front porch was rebuilt under the fine supervision of Bob Harper. About 2/3 of the beams were replaced and a new floor installed and painted. Bob was able to get all of this accomplished for about 10% under what the Board had appropriated. Much thanks from all of us, Bob!

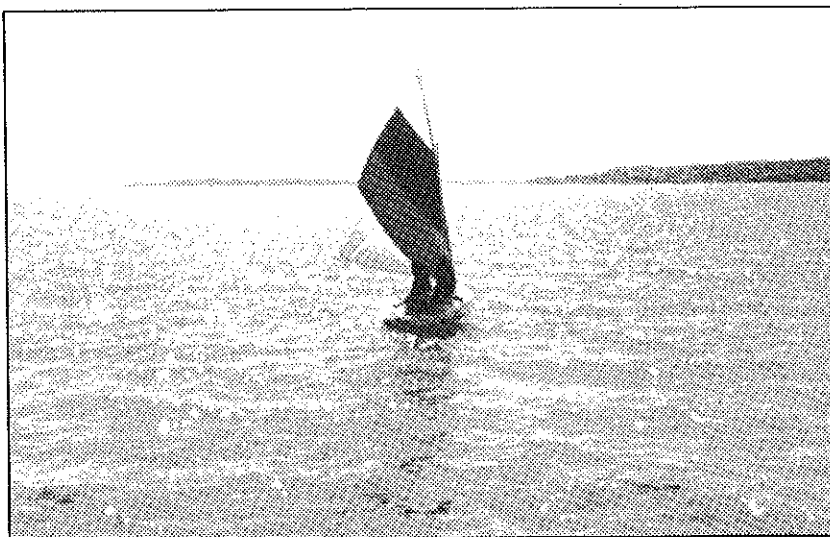

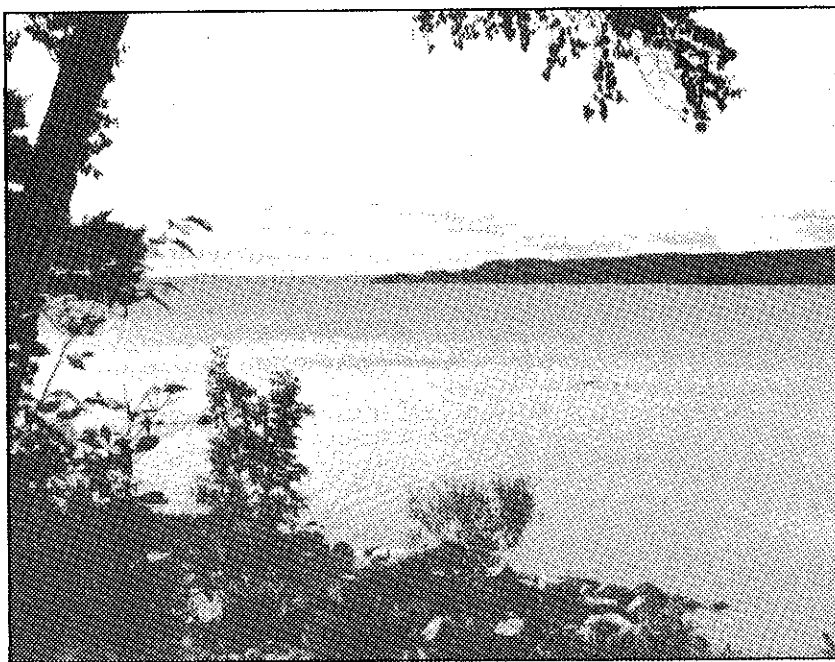

After all the fine activities and potlucks of '84, the clubhouse is resting up for a fantastic list of events for the 1985 season. Kathy Bosco, as our Social Chairperson for 1985, has promised

exciting and fun programs for all. This winter we anticipate a bang-up Breeze under new editors Mary Tonneberger and Frank Gaffney.

Committee chairpersons for the summer of '85 are still in the process of being appointed. If there are any volunteers or suggestions, please come forth.

Both Rat and I want to wish you and yours a very Happy Holiday Season.

Bill Renz
Commodore

SOCIAL PLANS FOR JULY 1985

Already plans are being made for next summer's Social Committee's happenings. Ideas are being pursued for another fun and exciting summer. Opening dinner will be on Saturday, July 6th, with a very special dinner being planned by our own Carole Silverman. I don't want to divulge the surprise of the evening, but we can expect to have a wonderful treat for everyone.

A Square Dance is being planned for Saturday night, July 27th: Mr. Don Day is the number one caller in Leelanau County, and we are lucky to be able to have him for the evening. He teaches square dance classes during the winter months, and has said he will teach us the basic steps so everyone, children too, will have a fun evening. There will be plenty of music and we guarantee much laughter.

After talking with the bus companies and Interlocken, we hope to be able to offer an evening of entertainment at the music camp with a picnic dinner included. Won't it be enjoyable to leave the driving to the bus driver?

The Founders Fund Dinner will be on Saturday, August 10, the Beech Tree Restaurant from Northport will be catering this affair.

You will have to watch the Spring Breeze for more definite plans for the summer. We've been in touch with author Theta Burke, a flautist, and with Mary Woolford to share her knowledge on Fabulous Trips on a Limited Bank Account.

The Social Committee looks forward to offering entertaining Pot Lucks and Special Events for the summer of 1985.

Kathy Bosco

THE O.T.Y.C. SOCIAL COMMITTEE REPORT

O.T.Y.C.'s 1984 summer season began this year on Saturday, July 7 with the Commodore's Reception and the Opening Dinner catered by Joe Reicha of Traverse City. One hundred twenty (120) members and guests greeted each other and toasted the commodores, past and present. Hors d'oeuvres were prepared by members of the Social Committee. Every Wednesday night potlucks were held, followed by entertainment — a magic show, an evening on Omena Bay, bingo and the "Mad Hatter" night.

The youth cook-out, for the benefit of the youth program, was a great success. Under the leadership of Jonnie Hodgson and the young people, hamburgers were grilled outside and the youth all brought delicious desserts.

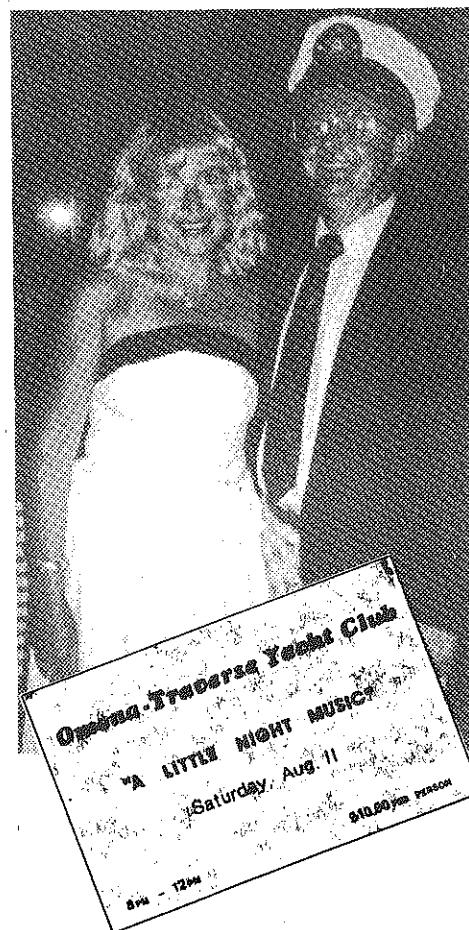

The auction was held the last weekend in July with Suzie Mulligan in charge. The sum of \$100 was donated to the Founder's Fund.

The Dance on Saturday, August 11 was enjoyed by many. A band from Traverse City played and lovely hors d'oeuvres were served. Carla Schwarze was chairman of the delightful event.

We were very pleased with the purchase of a new refrigerator for the kitchen and a new 90 cup coffee maker. We hope next year to be able to enlarge and improve the kitchen facilities.

I wish to thank everyone who helped on the Social Committee this year.

Chairman

NEWS FROM MEMBERS

Your past and illustrious editor, Carolin Renz, writes *how happy she is to be sending information rather than reviewing it for the Breeze*. Several conversations with the Commodore have clarified our role — so here goes for the first issue.

FRED and RUTH GORHAM caught up on Omena friends and the area during a summer vacation. Fred feels the club is in "good hands." In Texas, he and Ruth, "continue to enjoy the more moderate weather here and while summers are on the warm side, the rest of the year is much more tolerable. We are both well and keep busy with gardening and our other hobbies. We finally got some rain and things are green again. Apparently our humming birds left quietly and without fanfare last week and we already are looking forward to their return."

From Maryland, WALDO and PING ABBOTT report that they were able to spend several mid-October days in Omena where it was beautiful and balmy. Among friends they saw the Baileys and the Keyes but feel others were tucked away — also enjoying the color and Florida-like weather. The Abbotts planned for a trip to Italy this fall — the Spring issue should give us an up-to-date report. Retirement life suits Waldo to a tee — need further comment from Ping!

Across the country in LaJolla, California, EARL and BLANCHE MOORE were particularly pleased to receive the surprise greeting card in August from OTYC members on their 70th wedding anniversary. Earl writes, "We loved the thought and do thank you." Vin and Gina vacationed in South Africa during the summer and had an exciting, wonderful experience. While the Moores have been unable to return to Omena recently they are particularly happy that the "old cottage" is open again — to be enjoyed by the younger families who grew up there.

Earl and Blanche want also to pay tribute to past "Old Faithful" editors of the Breeze who have labored valiantly on it through the years — so members such as they could enjoy it. They send Holiday Greetings with Best Wishes to each one of you for a happy and joyful Christmas with good things in the New Year.

CHRIS MISANGYI has an exciting year planned — caught up with her briefly this fall in Omena. In mid-October, she will fly to London with her son Pete, Liz and little Kristin. Their itinerary includes Munich to see Bill's brother; from there renting a car to tour Salzburg, Vienna, and Budapest. Chris writes, "I have never been in my husband's home country, Hungary, before. Three weeks of Europe will be quite an experience." After her return, Chris plans to fly to Honolulu (on December 18) to stay until early March with her daughter and family. However, with thoughts of Omena — "the color show is on all over God's Country. Fall is painting the Omena Woods in shades of gold; soon the sun will shine forever . . .

Two other aficionados of Omena's autumn colors were ANDY and MARJORIE RENZ. Reports indicate that the "frost was on the

pumpkin" — mid-November — before the Renzes left their cottage for Cincinnati and Thanksgiving with the family. "After driving around the country, there is no prettier place than Omena!" After Christmas, Andy and Marjorie journey south to a more favorable climate in Naples, Florida for the winter.

Word comes that BOB WEISS is on the mend after unexpected surgery this fall. NANCY and he were in the thoughts of many Omena friends as they waited for news of Bob's recovery. Great to hear that he is back at work and feeling much better.

RAT and BILL RENZ have had an "active" six months. She writes that they began the summer with a bang with Andy and Laura's wedding, then capped it off when Andy entered Wright State University School of Medicine this fall. Andy is currently commuting daily to Dayton and studying like crazy to meet the challenging curriculum. Rat and Bill have had a busy fall, making the most of the fall colors by traveling around the country as much as possible while still holding down the home front. They visited young Bill in Knoxville one weekend, where they took in the University of Tennessee/Florida State game, then drove through the Smokies before returning home.

Bill is enjoying the fall football season at U.T. A "football weekend" at U.T. is like no other weekend I ever experienced — always over 90,000 fans at games from all over Tennessee and other parts South. Bill is also playing some racquetball and works with the University Catering Service. He is looking forward to coming home Thanksgiving and to a long Christmas break — about a month.

Omena was the first stage of a late October trip where they spent a couple of days, then drove to Kalamazoo for a night, finally going to Chicago for the Paint Show (actually the FSCT Annual Meeting & Show). There they ran into, of all people, Mary Tonneberger, one of our Breeze editors! Spent a wonderful three days in Chicago, managing to see the Rays and at least to drop in at Marshall Field's and Water Tower Plaza. Back home again, they are looking forward to a big Thanksgiving with Bill home from U.T., Andy and Laura taking time off from studying at least long enough for Thanksgiving dinner, and Grammy and Grandy back from their long stay at Omena. Last count for dinner was 17!

It was not a Journey around the World in 80 Days, but 37 days of World Cruise by private jet, according to LEONA MILROY.

"What a great affair! We moved in style and to exotic destinations. This was the most memorable travel adventure that my brother and I experienced.

In Mount Kenya Nairobi at the Safari Club, we went up in a hot air balloon adding a new dimension to our game viewing. To go from Johannesburg to Capetown in South Africa, we boarded the "Blue Train," known as "the only fire star on wheels". At Cape Point, we viewed a

superb panorama where the warm Indian Ocean meets the cold Atlantic.

Our last stop was Brazil, in Rio de Janeiro the "Carnival City". On Corcovado Mountain, 2000 feet above sea level perched on a narrow summit stands the imposing 120 feet statue of Christ the Redeemer.

The farewell dinner was at the elegant "Maximas de Paris". We were housed at Caesar Park Hotel on Copacabana Beach facing the Atlantic Ocean.

Harold and I had one complaint. On account of the high living, we gained weight!"

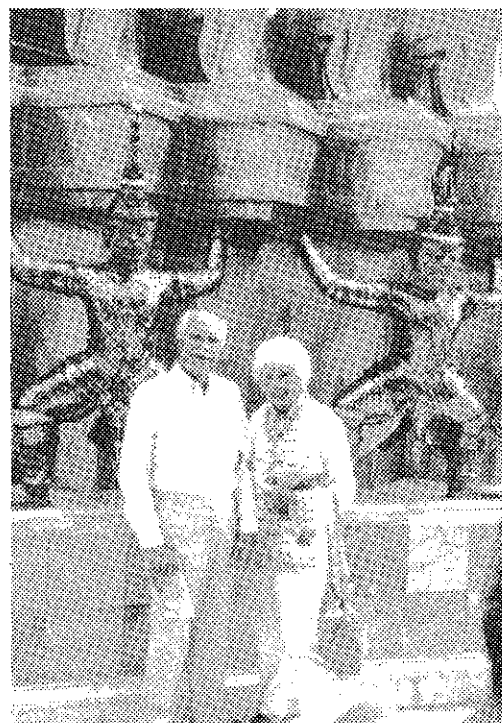

Everyone will be waiting for Leona's first hand account this coming summer on their exciting adventure.

SUZIE and STU MULLIGAN write: "We finally dragged ourselves away from Omena last Wednesday (the 24th). Stu was on vacation the three previous weeks and we spent most of that time at the cottage. We flew to Arizona one week-end to celebrate my 50th birthday with Austin and Marion and the rest of my family. Great fun!

In September, we went to Montana for a few days with Scott. He's finally through graduate school and working as a Systems Analyst at the Computer Center at Missoula.

Dan is still living in Traverse City, studying aviation and business. He got his private pilot license recently and is now working toward commercial and instrument ratings. He and Colleen Tennant plan to be married in Traverse City next summer.

Rob is at the College Conservatory of Music in Cincinnati and loves it. He's a percussion major."

LEONA MILROY and HAROLD BOUDREAU at the Emerald Buddha Temple in Thailand

From Wilmette, Illinois comes word that MARY HELEN and JOHN RAY have had a busy fall. After hosting a young guest from England in August and taking him on an all-American tour of the New England area, they sent Kevin off to his second year at Albion. After another successful summer as the OTYC sailing instructor, Kevin is probably finding studies to be quite a "calming" experience. The rest of the family journeyed to Omena in early October for a long weekend of visiting, color touring and checking into several Michigan Colleges for Michael.

Another native of Illinois, WAYNE DEAL, writes that he has retired (already?) and returned to his "old home place" in Vandalia.

Early respondents to your editors' summons for news were VERNON and ELIZABETH KEYE. They plan to spend some winter months in Claremont, California early in 1985. Elizabeth also writes that JOHN KEMBLE attended the annual meeting in Washington, D.C. this September of the National Commission on Naval History of which he is a member.

HEIDI BIEDERMAN continues in her activities with the Illinois Association of School Boards where she is Associate Director of Government Relations. She was busy this fall with the election, bringing the message about the "Politics of Education" to Chicago area organizations.

WHITSED and IRMA LAMING are back in sunny California after spending some time this summer in Omena. Although Whit's broken heel slowed them down a bit, they thoroughly enjoyed hosting their children, grandchildren and great grandchildren!

The Phoenix home of MIKE and KATHY BOSCO will be like a hotel during the holidays, according to Kathy. Everyone will be home along with their respective "date mates." Mark currently is employed as a lawyer in the criminal court system of Phoenix and loves it. Missie is working in Washington, D.C. with the OPEC organization as an economist and finds the challenge of Third World countries everything she wanted it to be. Jeff is a sophomore at Baylor and is spending a great deal of time as a Big Brother of abused children. He enjoys using his psychology in this endeavor. Matt is having a wonderful senior year in high school where he is playing football, and also is Senior Class President. All of this keeps him very busy.

Mike and Kathy have been traveling a lot, visiting Missie in Washington and Jeff in Texas for parents' week.

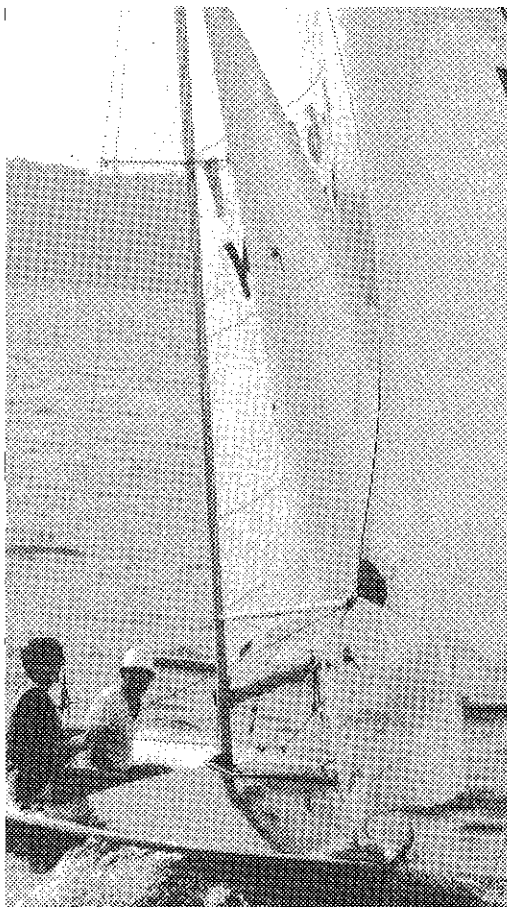

CRAIG and HOLLY SMITH will have their family together for the holidays in Omena minus one! Marjorie is teaching English in a Japanese school in San Carlos, California and won't be able to join her parents and brothers. Holly and Tim will journey from Ann Arbor, Preston from Orlando, Florida, and Craig — from Saudi Arabia! Holly also reports that Omena was ablaze with color during their annual "apple run" in October.

FRANK and DORIS GAFFNEY hosted the Tonnebergers during early August. Their son, Doug was married to Linda Gallman in a beautiful ceremony. Chris Gaffney broke away from his doctoral studies at Notre Dame to relax for a few days. Sharon and Bill Gaffney continue with the busy task of raising son Geoffrey who wore eight adults out with his many questions!

Word comes that ROD and FRAN LEVERENTZ enjoyed a short stay in Omena this summer. Fran continues to handle the public relations for the Glenbrook, Illinois High School District. The district received the spotlight in an August issue of U.S. News and World Report. Perhaps, your next Breeze editor is gaining some experience!

The Rays, Leverentzes, Nana Kennedy (guest) and your Editor spent an enjoyable October evening in Chicago, dining at the Como Inn and catching up on news of each others offspring.

Finally, news from RON and MARY TONNEBERGER. The fall has not been unusual in that they have moved once again. Ron insists that next time, "she moves alone." They are semi-settled in their home in Ada that some have observed seems to be "Omena-South." Scott has returned to Johns Hopkins for his sophomore year where he is concentrating on languages, not medicine! The family travels to Hong Kong during the holidays to spend several weeks with Karen. She is teaching at St. Paul's College, a preparatory school for Chinese children, and enjoying the wonders of Asia.

From the House & Grounds Committee:

The Clubhouse has a new front porch floor! When the old floor was removed a host of rotted and split support timber was revealed. All the rotted wood has been removed and replaced with pressure-treated wood and the new tongue-and-groove floor was laid and painted. The Board is to be commended for authorizing the expenditure thus eliminating a potentially dangerous condition. And it was finished within budget too!

Best regards

1984 OTYC Tennis Report

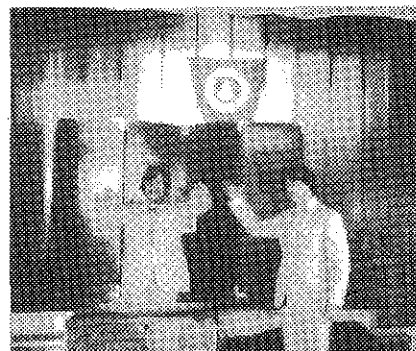

A total of 21 students participated in this summer's tennis program, with a rather even age distribution falling between 7-16 years. Overall, the weather cooperated to allow lessons on most days, with only a few interspersed rainy day activities necessary. Friday afternoon Round Robin met with enthusiastic turnouts in good numbers. I'd like to take advantage of this chance to encourage all students to play whenever possible over the winter, and also to thank everyone for a smooth and enjoyable season. I look forward to next summer on the courts.
